Premi per dimmerarlo

PLINT BATTERY MINI

Battery-powered, the PLINT in its BATTERY MINI version demonstrates flexibility for accent lighting, seamlessly disappearing on shelves or desks.

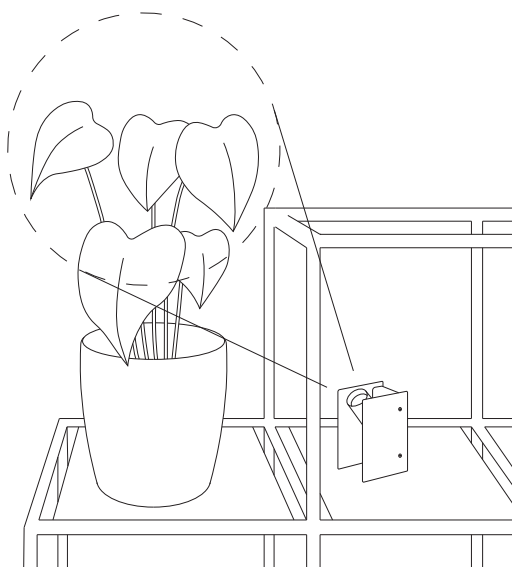

Alimentato a batteria, PLINT nella sua versione BATTERY MINI dimostra la sua versatilità per l'illuminazione d'accento, scomparendo su mensole o scrivanie.

Play with light
Find the perfect spot

Dimmable and adjustable in the beam, it emphasizes the details of the home environment, allowing you to play with the light effects that it can create.

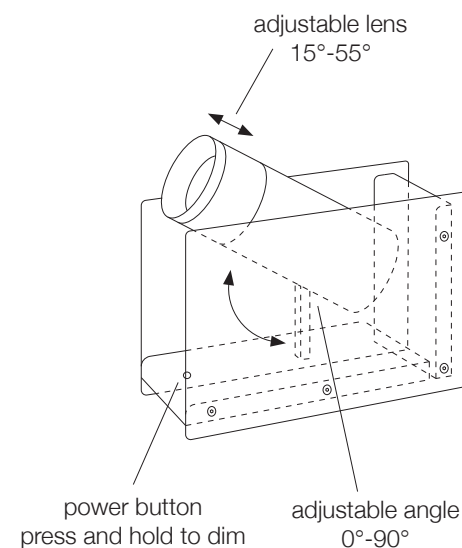

Dimmerabile e regolabile nel fascio, sottolinea i dettagli dell'ambiente domestico, permettendoti di giocare con gli effetti luce che crea.

PLINT

PLINT is a LED spotlight that provides architectural or accent lighting, thanks to its high positioning flexibility and a powerful light beam.

PLINT è uno spot a LED che grazie ad un'elevata flessibilità di posizionamento e a un potente raggio luminoso, fornisce illuminazione architettonica o d'accento.

Placeable in two positions, it allows you to control the light beam precisely thanks to the adjustable lenses and the tilting support, as well as the possibility of dimming its intensity.

Orientabile in due posizioni, permette di controllare accuratamente il fascio luminoso grazie alle lenti regolabili e al supporto inclinabile, oltre alla possibilità di dimmerarne l'intensità.
